## **Contents**

<b>Introduction</b>	<b>2</b>
<b>Resolved Issues</b>	<b>2</b>
<b>Hardware requirements</b>	<b>2</b>
<b>Software requirements</b>	<b>2</b>

## Introduction

This is a bugfix release of our plug-in for After Effects which allows seamless copy-and-paste of **mocha** shape data from the **mocha for After Effects** application into After Effects itself.

## Resolved Issues

1. Matte is now rendered correctly in After Effects if an Rol is applied.

## Hardware requirements

The **mocha shape** plug-in requires a machine capable of running Adobe After Effects CS5.5.

## Software requirements

The plug-in requires a functional installation of Adobe After Effects CS5.5.
